1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

On Page 1, line 1, insert --This application is a 371 of PCT/KR01/00421 filed March 16, 2001.--

2. The following is an examiner's statement of reasons for allowance: The invention relates to a method of making a vacuum insulator utilizing glass white wool which does not include organic or inorganic binders, that is molded using heat and pressure, thereafter the molded glass white wool is placed in a non-permeable container and subjected to a decompression pressure or negative pressure which evacuates air from the container and glass white wool to provide a vacuum insulator. The process as claimed has not been

taught nor fairly suggested either singularly or in combination by the prior art.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kuroda et al. teach a vacuum insulator and its method of making but the glass wool material is admixed with a thermoplastic resin which is not desired in the instant method where the white glass wool includes no organic or inorganic binders thereby minimizing heat transfer losses and maintaining better insulating properties.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Lechert Jr. whose telephone number is 571-272-1203. The examiner can normally be reached on 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael P. Colaianni can be reached on 571-272-1196. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
